Tugas Pertemuan 5

The image is a screenshot of a computer screen showing two applications. The top application is a web browser displaying the GitHub repository page for 'novianggraeni / WP2_Perpus_Novi-Anggraeni-Putri'. The page includes a 'Quick setup' section with a 'Set up in Desktop' button and a 'HTTPS' link. Below this is a section for creating a new repository on the command line, showing a series of git commands. The bottom application is a code editor (Sublime Text) showing the 'autoload.php' file. The code defines a 'libraries' array and a 'drivers' array, both containing 'cache'. The code is commented with instructions on how to use these arrays in a controller.
